Sheep ETN programs are provided as a service of UW Cooperative Extension and UW-Madison Department of Animal Sciences, and are hosted by Dave Thomas, UW-Madison. The ETN system provides two-way voice communications between the speakers and listeners from every county Extension office in Wisconsin and are free to the public. If you wish to attend, please contact your local county Extension office in advance of each program to make sure the ETN site is open and program handout materials are available.

University of Wisconsin, United States Department of Agriculture and Wisconsin Counties Cooperating.
UW-Extension provides equal opportunities in employment and programming, including Title IX requirements.

**23rd Annual Wisconsin Sheep Industry
Conference**
Saturday and Sunday
March 24-25, 2001

Chula Vista Resort and Conference Center
Wisconsin Dells

The Wisconsin Sheep Industry Conference is the premier sheep industry educational event in the U.S.; and has been for over 20 years. Its success is built on a combination of educational presentations by sheep industry experts representing producers, scientists, and industry; a large trade show; and annual meetings of state, regional, and national organizations.

For additional information, a program, and registration information, contact Bob Black, Conference Chairman, Wisconsin Sheep Breeders Cooperative, 7868 Highway 73, Columbus, WI 53925-9117; email: rbblack@powercom.net; phone/fax: 920-623-3536.
