Sheep ETN programs are provided as a service of UW Cooperative Extension and UW-Madison Department of Animal Sciences, and are hosted by Dave Thomas, UW-Madison. The ETN system provides two-way voice communications between the speakers and listeners from every county Extension office in Wisconsin and are free to the public. If you wish to attend, please contact your local county Extension office in advance of each program to make sure the ETN site is open and program handout materials are available. Program information, including handouts, available at the website < <http://www.uwex.edu/ces/animalscience/sheep/>>.
